

FUND RULES

Plain Capital StyX

§ 1 NAME AND LEGAL STATUS OF THE FUND

The fund's name is Plain Capital StyX. The fund is a special fund under the Act (2013:561) on alternative investment fund managers ("LAIF").

The fund's assets are jointly owned by the fund unit holders and each fund unit carries an equal right to the assets included in the fund. The fund may not acquire rights or assume obligations. The company specified in § 2 represents the unit holders in matters concerning the fund, decides on the assets included in the fund and exercises the rights deriving from the fund.

Operations are conducted in accordance with these fund rules, the articles of association of the fund management company, LAIF, and other applicable statutes.

The fund is aimed at the general public, see also § 18.

§ 2 FUND MANAGER

The fund is managed by AIFM Capital AB, org.nr 556737-5562, hereinafter referred to as the Company.

§ 3 THE DEPOSITARY AND ITS TASKS

The depositary is Skandinaviska Enskilda Banken AB, org.nr 502032-9081, hereinafter referred to as the Depositary. The depositary executes the company's decisions regarding the fund and receives and stores the fund's assets.

In addition, the depositary verifies that the decisions relating to the fund taken by the company, such as valuation, redemption, and the sale of fund units, are made in accordance with the law, regulation, and these fund rules.

§ 4 CHARACTER OF THE FUND

The Fund is a mutual fund that invests assets in units of other funds, mainly in short-term fixed income funds.

The fund's overall objective is to yield a return over time that follows the short-term Swedish market rate. The maturity of the fund's underlying

investments is typically less than one year and thus have a very low risk.

§ 5 THE FUND'S INVESTMENT POLICY

The fund invests in transferable securities, money market instruments, derivative instruments, mutual fund shares, and in accounts with credit institutions. The fund may invest without limitation to a specific geographical area.

The fund mainly invests assets in fixed income funds. The aim of the management is to achieve with good risk diversification, a development in value in the fund that (adjusted for management costs according to § 11) in the long term exceeds the return that a placement in 3-month Treasury bills on the Swedish money market would yield.

The fund has the following exemptions from Ch. 5 of the Act (2004:46) on mutual funds (hereinafter referred to as "LVF"):

- exemption from Ch. 5 § 16 (paragraph 1) of the LVF, may place assets in a single fund with a maximum 50 percent of the value of the fund.
- exemption from Ch. 5 § 16 (paragraph 2) of the LVF, may invest in such units as are referred to in § 15 (paragraph 3) up to a maximum of 50 percent of the fund's value.

The fund's total risk measured as a standard deviation in rolling 12-month periods shall normally be in the range of 1 - 5 percentage points. The desired risk level may be exceeded or undershot in the event of unusual market conditions or in the event of extraordinary events.

§ 6 MARKETPLACES

The fund's trading in financial instruments shall take place on a regulated market or equivalent market outside the EEA. Trading may also take place in another market within or outside the EEA that is regulated and open to the public. The fund's trading may take place on an MTF (Multilateral Trading Platform).

FUND RULES

Plain Capital StyX

§ 7 SPECIAL INVESTMENT FOCUS

The fund may not invest in transferable securities and money market instruments referenced in Ch. 5 § 5 of the LVF. The fund may invest in derivative instruments as part of the fund's investment policy. The fund may not invest in derivative instruments referenced in Ch. 5 § 12 (paragraph 2) of the LVF, so-called OTC derivatives.

The fund's assets may be invested in a significant proportion in units of other securities funds. The fund's assets may be invested in derivative instruments referenced in Ch. 12 § 13 of the LAIF. Investments can also take place in exchange-traded derivatives such as certificates and mini futures.

§ 8 VALUATION

The value of a fund unit is the fund's value divided by the number of outstanding fund units and the value of the fund unit is calculated every banking day. The value of the fund is calculated by deducting from the assets the liabilities relating to the fund. The fund's assets are valued at the current market value, which refers to the latest payment price, or if there is none, the latest purchase price. If such cannot be obtained or is misleading according to the company's assessment, a market value is determined on objective grounds after a special valuation. The basis for the special valuation is i.e. market prices from an unregulated market, external independent sources, other listed financial instrument, index, acquisition value or company events with an impact on the market value.

§ 9 SUBSCRIPTION AND REDEMPTION OF FUND UNITS

The fund is normally open for sale (unit holder's purchase) and redemption (unit holder's sale) of fund units each banking day.

However, the fund is not open for sale and redemption on such banking days where the valuation of the fund's assets cannot be made in a way that ensures the fund unit holders' equal rights as a result of one or more of the underlying funds not being open for sale and redemption.

Requests for sales and/or redemptions must be in writing and be received by the Company before 15:00 on full banking days and no later than 11:00 on half banking days (day before a public holiday) in order for the sale and/or redemption to take place at the price determined at the end of the day the request was received by the Company.

Sales and redemptions thus take place at a price unknown to the unit holder at the time of the request.

When purchasing fund units, the subscription payment must be posted to the account belonging to the fund no later than 15:00 on full banking days and no later than 11:00 on half banking days. Requests for the sale or redemption of fund units may only be withdrawn if the Company allows it.

If a redemption must be acquired through the sale of securities, the sale and redemption must be executed as soon as possible. Should such a sale significantly harm the interests of other unit holders, the Company may, after notification to Finansinspektionen (Swedish Financial Supervisory Authority), delay the sale in whole or in part.

Requests for the sale or redemption of fund units received by the Company when the fund is closed for sale and redemption in accordance with what is stated in this provision, second paragraph and § 10, are normally made at the rate on the following banking day.

The value of a fund unit is normally calculated every banking day. However, the calculation of fund unit value does not take place if the fund is closed for sale and redemption with regard to the circumstances specified in this provision, second paragraph and § 10. The principles used in determining the fund unit value are stated in § 8.

Information on the fund unit price is normally available from the Company and cooperating distributors on a daily basis.

§ 10 CLOSURE OF THE FUND IN EXTRAORDINARY CIRCUMSTANCES

The fund may be closed for sale and redemption in the event that such extraordinary circumstances

FUND RULES

Plain Capital StyX

have arisen which mean that a valuation of the fund's assets cannot be made in a way that ensures the equal rights of the fund unit holders.

§ 11 FEES AND COMPENSATION

From the fund's assets, a fee shall be paid to the Company for its management of the fund. The fee includes costs for custodians, see § 3, as well as for Finansinspektionen's (Swedish Financial Supervisory Authority) supervision and for auditors. The fee is paid with an amount equal to a maximum of 0.6% per year of the fund's value and is calculated daily with a 1/365-part. Commissions and other transaction-based costs for the fund's purchases and sales of financial instruments as well as taxes are charged to the fund.

See the fund's prospectus for information on the maximum fixed and performance-based fees that may be charged for the management of the investment funds or fund companies in whose fund units the funds are invested.

§ 12 DIVIDEND

The fund does not pay dividends to unit holders or anyone else.

§ 13 FINANCIAL YEAR OF THE FUND

The financial year of the fund is the calendar year.

§ 14 SEMI-ANNUAL AND ANNUAL REPORTS, AMENDMENT OF FUND RULES

For the fund, the Company shall submit an annual report within four months from the end of the financial year and a semi-annual report for the first six months of the financial year within two months from the end of the half-year.

The annual report and the semi-annual report must be available at the Company and the intermediary institute and sent free of charge to the unit holders who have requested this information.

Amendments to the fund rules shall be decided by the Company's Board of Directors and shall be submitted to Finansinspektionen (Swedish Financial Supervisory Authority) for approval. After approval, the fund rules shall be kept

available at the Company and the custodian and, where applicable, announced in the manner directed by Finansinspektionen (Swedish Financial Supervisory Authority).

§ 15 PLEDGING AND TRANSFER

Pledging is made by written notification to the Company or the intermediary institution. The notification must state the unit holders, mortgagees, which units are covered by the pledge and any restrictions on the scope of the lien.

Registration of the pledge takes place in the unit holder register. The company must notify the unit holder in writing of such registration. Pledging ceases when the Company or the intermediary institution has received notification from the mortgagee that the pledge has ceased and deregistration in the unit-holder register has taken place.

Unit holders may transfer their fund units to another party free of charge by written notification to the Company or an intermediary. The notification of transfer must state the transferor, to whom the fund units are transferred and the purpose of the transfer. Transfer is only approved if the acquirer takes over the transferor's acquisition value.

§ 16 LIMITATION OF LIABILITY

The Company and the Depositary are not responsible for damage due to Swedish or foreign legislation, Swedish or foreign government action, war event, strike, blockade, boycott, lockout, or other similar circumstances. The reservation in respect of strikes, blockades, boycotts, and lockouts applies even if the Company or the Depositary itself is the subject of or takes such a conflict measure. If the Company or the Depositary inflicts damage on unit holders by violating the LAIF or these fund regulations, the Company or the custodian shall compensate such damage (Ch. 8 § 28 LAIF).

Damage that has arisen in cases other than those referred to in the first paragraph above shall not be compensated by the Company's depositary if they have been normally careful. The Company and the Depositary are not liable in any case for

FUND RULES

Plain Capital StyX

indirect damage, nor are they liable for damage caused by a custodian bank or other contractor hired by the Company or the Depositary with due care or for damage that may arise due to a restriction that may be applied against the Company or the Depositary.

If there is an obstacle for the Company or the Depositary to act due to a circumstance specified in the first paragraph above, the action may be postponed until the obstacle has ceased.

The Company has liability under Ch. 8 § 28-31 of the LAIF. The Depositary has liability under Ch. 9 § 22 of the LAIF.

§ 17 DEPOSITARY'S RESPONSIBILITY

The Depositary's disclaimer applies with limitation of what is stated in Ch. 9 § 22 of the LAIF. In the event that the Depositary has lost financial instruments held at the Depositary or its custodian bank, the Depositary shall without undue delay return financial instruments of the same type or an amount equal to the value to the fund. However, the Depositary is not responsible for the loss of the financial instruments or other damage caused by an external event outside the custody institution's control such as for damage caused by Swedish or foreign law, Swedish or foreign government action, war event, strike, blockade, boycott, lockout or other similar circumstance. The reservation regarding strike, blockade, boycott, or lockout applies even if the Depositary is subject to or itself takes such conflict action. The depositary is not responsible for damage caused by – Swedish or foreign – stock exchange or other marketplace, central securities depository or clearing house.

The Depositary is not responsible for any damage incurred by the Company, investors in the fund, or another due to the disposal restriction that may be applied to the Depositary in respect of securities. The same applies in the case of loss of Financial Instruments held by the Custodian Bank or other persons providing equivalent services engaged by the Depositary with due care for the custody of financial instruments and with which the Depositary has agreed on the transfer of liability with the right of the Company to make claims directly against the custodian bank. Such

transfer of liability from the Depositary to the custodian bank is a consequence of the fact that the Depositary has instructed the custodian bank to store foreign financial instruments in a local market in the manner set out in the existing depositary agreement between the Depositary and the Company.

Damage incurred in other cases shall not be compensated by the Depositary unless it has been normally prudent and subject to the applicable mandatory law.

However, the Depositary is in no case liable for indirect damage.

If the Depositary is prevented from enforcing, in whole or in part, any measure under this agreement due to the circumstance referred to in the first subparagraph, the measure may be postponed until the obstacle has ceased. In the event of deferred payment, the Depositary shall not pay default interest. If interest is promised, the Depositary shall pay interest at the interest rate in force at the due date.

If, as a result of circumstances referred to in the first subparagraph, the Depositary has prevented receiving payment for the Funds, the Depositary has, for the period during which the obstacle existed, entitled to interest only under the conditions in force at the due date.

§ 18 ALLOWED INVESTORS

The fact that the fund is aimed at the public does not mean that it is aimed at investors whose sale of a stake in the fund or participation in the fund is contrary to the provisions of Swedish or foreign law or regulation. Nor is the Fund directed at investors whose sale or holding of shares in the fund means that the fund or the Company becomes obligated to take registration action or any other action that the fund or the Company would otherwise not be obligated to take. The Company has the right to refuse sales to investors referred to in this paragraph.
