Yulia Zhuravel is the principal auditor.

THE FUND

The information in this prospectus refers to the eSports Fund mutual fund. The fund is a mutual fund under Sweden's Act (2004:46) on mutual funds.

The fund is normally open for sale and redemption every banking day. However, the fund is not open for sale and redemption on those banking days when the valuation of the fund's assets cannot be carried out in a way that ensures the fund unit holders' equal rights as a result of one or more of the underlying markets not being open for trading.

The fund may also be closed for sale and redemption in the event that such extraordinary circumstances have arisen that mean that a valuation of the fund's assets cannot be carried out in a way that ensures the equal rights of the fund unit holders. It is not possible to limit sale and redemption orders for fund units.

OUTSOURCING AGREEMENTS

The Company has signed agreements with several partners regarding the distribution of fund units. See

the Company's website for an updated list of its partners.

FUND UNIT REGISTRY

The Fund Management Company keeps a register of all unit holders and their holdings. The unit holder's holdings are reported in annual statements, which also contain tax return data.

TERMINATION OF THE FUND OR TRANSFER OF THE FUND OPERATION

If the Company decides that the fund should be terminated or that the fund's management, with the consent of Finansinspektionen (the Swedish financial supervisory authority), should be transferred to another company, all unit holders will be notified by post. Information will also be available at the Company and the Depositary.

The management of the fund shall be taken over immediately by the Depositary if Finansinspektionen revokes the Company's licence or if the Company has entered into liquidation or been declared bankrupt.

OBJECTIVES AND INVESTMENT POLICY OF THE FUND

The fund is an actively managed equity fund that makes global investments in equities, equity-related transferable securities, derivative instruments and fund units and in an account with a credit institution. The fund must invest at least 90% of its assets in equities and equity-related transferable securities. The fund shall mainly invest in securities issued by companies operating in the fields of eSports, gaming

and game development and by their subcontractors. "eSports" is a collective term for competitions held on computers or games consoles. Examples of companies in the above-mentioned fields may include:

- Companies involved in the production, arrangement and streaming of eSports,
- Companies within gaming that actively promote eSports through, for example, education, marketing or similar activities,
- Companies mainly involved in the production, development or publication of new games or the improvement of older versions of games,
- Companies that are equipment and accessory subcontractors for the above-mentioned.

The fact that the fund is actively managed means that the fund does not follow any index; instead investments are based on the Company's analyses. The aim is for the fund to exceed its benchmark index – the Dow Jones Global Index– over a rolling five-year period.

THE FUND'S RISK PROFILE

The fund is an actively managed equity fund that invests in equities and equity-related transferable securities.

Investments in equity always involve a market risk in the form of fluctuations in share prices. In a fund, this risk is reduced as a result of the fund owning equities in several companies (diversification) whose prices do not show exactly the same fluctuations.

The fund will also invest in assets traded in currencies other than the Swedish krona, which is why the fund is exposed to currency risk. Liquidity risk, i.e. the risk that a security cannot be converted at the intended time without a major price reduction or high costs, increases during stressed market conditions. This places greater demands on cash and on ensuring the fund has a suitable mixture of securities at any time so that it can manage the liquidity risk effectively. As the fund's investments focus on a specific industry, the concentration risk is higher than for funds with more diversified investments.

The fund shall strive to have a risk level, measured in terms of standard deviation (price fluctuations), in the range of 10%-30% over rolling 12-month periods.

The total risk shows how much the fund's return varies around its normal return. Particular attention should be paid to the fact that the actual risk level may go above or below the target risk level in the event of unusual market conditions or extraordinary events.

The fund is also exposed to the following risks:
Sustainability risk, i.e., an environmental, social, or corporate governance-related circumstance that could have a significant negative impact on the value of the investment is managed by integrating sustainability into investment decisions.

Liquidity risk, i.e., the risk that a security may become difficult to value and cannot be traded at the intended time. without major price reduction or large costs.

Operational risk, i.e., the risk of loss due to lack of internal routines or external factors such as legal and documentation-related risks as well as risks as a result of trading, settlement, and valuation routines.

ACTIVITY LEVEL

The fund's benchmark index is the Dow Jones Global Index. The index is relevant as it reflects developments in the global stock market. eSports Fund invests in global digital companies without geographical restrictions, primarily in the gaming sector. The goal of the fund is to exceed its benchmark index. The investment process results in an active selection of individual shares in the fund.

Tracking error over the past ten years

The fund launched in 2020 and, since tracking error is calculated based on 24-month historic data, this measure will be reported from 2022.

Tracking Error	
2023	2022
6,51%	10,89%

The tracking error shows how much the fund's return varies in relation to its benchmark index. This is calculated by measuring the difference between the return of the fund and the return of the benchmark index based on monthly data from the previous two years. The measure is calculated as the standard deviation for the difference in return. The higher the tracking error, the more the fund deviates from the benchmark index.

THE LATEST NAV PRICE

The latest NAV is available from the fund's distributors and the Company.

EQUAL TREATMENT

All units in the funds are of equal size and carry an equal right to the funds' assets. In a fund, however, there may be units of various kinds, so-called unit classes or share classes. Share classes in one and the same fund may be associated with different conditions for dividends, fees, the minimum subscription amount and the currency in which units are subscribed for and redeemed. The units in one share class shall be of equal size and, within the share class, carry an equal right to the fund's assets. This means that the Company applies the principle of equal treatment of fund unit holders with adjustment for any conditions that apply to a certain share class.

FEES

Below is the maximum annual management fee that, in accordance with the fund rules, the Company may deduct from the fund to cover costs for management and storage of the fund's assets and for supervision and auditors.

Share class A:

Maximum fee

The maximum fee the Fund Management Company may deduct from the fund:

Annual fixed management fee: 2.1% of the fund's value.

Applicable fees

The following is the annual applicable management fee that the Fund Management Company deducts from the fund:

Current annual fixed management fee: 1.90% of the fund's value.

Share class B:

Maximum fee

The maximum fee the Fund Management Company may deduct from the fund:

Annual fixed management fee: 1,15% of the fund's value.

Applicable fees

The following is the annual applicable management fee that the Fund Management Company deducts from the fund:

Current annual fixed management fee: 0.95% of the fund's value.

Share class C:

Maximum fee

The maximum fee the Fund Management Company may deduct from the fund:

Annual fixed management fee: 2.1% of the fund's value.

Applicable fees

The following is the annual applicable management fee that the Fund Management Company deducts from the fund:

Current annual fixed management fee: 1.90% of the fund's value.

Share class D:

Maximum fee

The maximum fee the Fund Management Company may deduct from the fund:

Annual fixed management fee: 2.1% of the fund's value.

Applicable fees

The following is the annual applicable management fee that the Fund Management Company deducts from the fund:

Current annual fixed management fee: 1.90% of the fund's value.

Share class E:

Maximum fee

The maximum fee the Fund Management Company may deduct from the fund:

Annual fixed management fee: 2.1% of the fund's value.

Applicable fees

The following is the annual applicable management fee that the Fund Management Company deducts from the fund:

Current annual fixed management fee: 1.90% of the fund's value.

SALES AND REDEMPTIONS

The sale and redemption of units takes place through the Company and co-operating intermediary institutes. Requests for sales and redemptions may be revoked only if permitted by the Company.

In the case of sales and redemptions before 15.00 CET (the cut-off point) on certain trading days, the trading price is normally determined on the same trading day. In the event of sales and redemptions

after the said time, the fund unit price is normally determined the following banking day. On certain banking days, the cut-off point may occur earlier than the time specified above.

The current fund unit price is normally available from the Company and intermediary institution no later than the banking day after the banking day when the fund unit price is determined as above.

If liquid funds to effect redemption need to be procured through the sale of the fund's assets, this shall be executed as soon as possible. Should such a sale significantly harm the interests of other unit holders, the Fund Management Company may, after notifying Finansinspektionen (the Swedish financial supervisory authority), partially delay the redemption.

THE FUND'S TARGET GROUP

As the fund's investments are exposed to equities and the stock market, it is important to be able to ride out negative market changes. The fund is suitable as a basis for long-term saving and suited to savers who do not need to access their capital for at least five years.

POSSIBILITY OF CHANGES TO THE FUND RULES

The Company may submit changes to the fund rules to Finansinspektionen following a decision by the Company's Board of Directors. If Finansinspektionen approves changes to the fund rules, the changes may affect the fund's characteristics, i.e. its investment policy, fees and risk profile.

DERIVATIVE INSTRUMENTS

In cases where the fund uses derivatives as part of its investment policy, and thus as part of its management strategy, both the total and the active risk level may change substantially.

HISTORIC RETURNS

Share class A was launched on 16 October 2020, there are no historical results. Other share classes start in 2023.

Share class A:

Historical returns are no guarantee of future returns. The value of a fund can go down as well as up and you may get back less than you invest.

LIABILITY FOR DAMAGES

If a fund unit holder suffers damage as a result of a violation of Sweden's Act on mutual funds or the fund rules by the Fund Management Company, the Company shall pay compensation for the damage. The Fund Management Company holds extra funds in the capital base to cover risks of liability for damages due to part of or negligence in the business.

REMUNERATION POLICY

The Fund Management Company's Board of Directors has adopted a remuneration policy that is compatible with and promotes sound and effective risk management. The remuneration policy is designed to counteract risk-taking that is incompatible with the risk profiles of the funds managed by the Fund Management Company.

The Fund Management Company applies a remuneration system with only fixed remuneration to employees. The design, which excludes commissions and individual bonuses, stimulates sustainable performance, as well as sound and effective risk management that benefits the funds and unit holders.

The annual reports of the funds provide information on the size of the remuneration and allocation by staff category. Current and future unit holders can, upon request, obtain a paper copy of the remuneration policy free of charge.

TAX RULES

Fund tax: On 1 January 2012, new tax provisions for funds and fund holdings came into force, which brought an end to the tax on the fund itself, while a new tax on holdings of directly owned units in mutual funds was introduced.

Tax on fund savers: In the case of dividends, preliminary tax is deducted (does not apply to legal persons). Capital gains/losses are reported in income statements sent to Skatteverket (the Swedish Tax Agency), but no tax is deducted. NOTE: capital losses on unlisted funds may be deducted

only to 70%. The new tax provisions for funds and fund holdings brought an end to the tax on the fund itself, while a new tax on holdings of directly owned units in mutual funds was introduced. In their declaration, the fund unit holder must include a standard income amounting to 0.4% of the capital base.

The capital base consists of the value of the units at the beginning of the calendar year. The standard income is then included in the “capital” income category and taxed at 30%. For legal persons, the standard income in the “business activities” income category is taxed at 22%. Income statements are submitted for natural persons and Swedish estates. Legal persons have to calculate standard income and pay tax themselves. The tax may be affected by individual circumstances and anyone who is unsure of any tax consequences should seek expert assistance.

**FUND RULES:
ESPORTS FUND**

Adopted by the Board of Directors:

9 February 2023

Approved by FI: 27 March 2023

§ 1 NAME AND LEGAL STATUS OF THE FUND

The fund's name is eSports Fund. The fund is a mutual fund in accordance with Sweden's Act (2004:46) on mutual funds ("LVF").

The fund's assets are jointly owned by the fund unit holders and each fund unit carries an equal right to the assets included in the fund. The fund may not acquire rights or assume obligations. The Company specified in § 2 represents the unit holders in matters concerning the fund, decides on the assets included in the fund and exercises the rights deriving from the fund. The fund is aimed at the general public; see also § 17.

Operations are conducted in accordance with these fund rules, the articles of association of the Fund Management Company, LVF and other applicable statutes.

The fund's assets are jointly owned by the share holders. The units within each share class carry equal rights to the assets included in the fund.

Share Class	Currency	Minimum initial subscription amount	Maximum fee
A	SEK	100 SEK	2,1 %
B	SEK	10 000 000 SEK	1,15 %
C	SEK	1 000 000 SEK	2,1 %
D	NOK	100 NOK	2,1 %
E	EUR	10 EUR	2,1 %

The share classes do not pay dividend. Minimum subscription amount refers to the initial subscription amount.

The content of the fund rules is common to all share classes unless otherwise stated. The fund consists of share classes, which means that the value of one unit in one class will differ from the value of one unit in another class.

§ 2 FUND MANAGER

The fund is managed by AIFM Capital AB, org. no. 556737-5562, hereinafter referred to as "the Company".

§ 3 THE DEPOSITARY AND ITS TASKS

The Depositary is Skandinaviska Enskilda Banken AB, org. no. 502032-9081, hereinafter referred to as "the Depositary". The Depositary executes the Company's decisions regarding the fund and receives and stores the fund's assets.

In addition, the Depositary verifies that the decisions relating to the fund taken by the Company, regarding, for example, valuation, redemption and

sale of fund units, are made in accordance with laws, regulations and these fund rules.

§ 4 CHARACTER OF THE FUND

The fund is an actively managed equity fund that makes global investments in equities and equity-related transferable securities with a focus on companies operating in the fields of eSports, gaming and game development and their subcontractors. The fact that the fund is actively managed means that the fund does not follow any index; instead fund management is based on the Company's analyses.

The aim is for the fund to exceed its benchmark index over a rolling five-year period. The fund's benchmark index is the Dow Jones Global Index.

§ 5 THE FUND'S INVESTMENT POLICY

The fund's assets may be invested in transferable securities, derivative instruments, fund units and in an account with a credit institution. Transferable securities refer to, among other things, equities and equity-related transferable securities, including, for example, depository receipts and other types of securities that give the right to acquire such transferable securities as stated above through subscription or exchange. The fund must invest at least 90% of its assets in equities and equity-related transferable securities.

The fund shall invest at least 90% of its assets in equities and equity-related transferable securities issued by companies operating in the fields of eSports, gaming and game development and by their subcontractors. "eSports" is a collective term for

competitions held on computers or games consoles. See the fund prospectus for a more detailed description of the fund's investment sphere. Examples of companies in the above-mentioned fields may include:

- Companies involved in the production, arrangement and streaming of eSports,
- Companies within gaming that actively promote eSports through, for example, education, marketing or similar activities,
- Companies mainly involved in the production, development or publication of new games or the improvement of older versions of games,
- Companies that are subcontractors of equipment and accessories for the above-mentioned.

The fund may invest a maximum of 10% of its assets in units of other funds or UCITs. The fund invests globally and without geographical limitation. The fund's assets may be invested in derivative instruments with underlying assets specified in Ch. 5, § 12, first paragraph of Sweden's Act (2004:46) on mutual funds (hereinafter referred to as "LVF").

§ 6 MARKETPLACES

The fund's trading in financial instruments shall take place on a regulated market or equivalent market outside of the EEA. Trading may also take place in another market within or outside of the EEA that is regulated and open to the general public. The fund's trading may take place on an MTF (Multilateral Trading Platform).

§ 7 SPECIAL INVESTMENT FOCUS

The fund may invest in derivative instruments as part of its investment policy. The fund may not invest in such transferable securities and money market instruments as referenced in Ch. 5, § 5 of the LVF. Neither may the fund invest in such derivative instruments as referenced in Ch. 5, § 12, second paragraph of the LVF, so-called OTC derivatives.

§ 8 VALUATION

The value of a fund unit is each share class part of the fund's total value divided by the number of outstanding fund units for each share class. The value of the fund units is calculated every banking day. The value of the fund is calculated by deducting the liabilities relating to the fund from the assets.

The fund's assets are valued at current market value. The current market value can be determined by different methods, which are applied in the following order:

1. If financial instruments are traded on a market as specified in Ch. 5, § 3 of the LVF, the latest price paid shall be used or, if that does not exist, the latest purchase price.
2. If the price according to method 1 does not exist or is clearly misleading, the current market value shall be derived on the basis of information about a current transaction in a corresponding instrument between independent parties.
3. If methods 1 and 2 cannot be applied, or according to the Company become misleading, the current market value shall be determined by applying a principle

applicable to the financial instrument in question on the market, where applicable, if not misleading, through an established valuation model.

To determine the value of fund shares, the fund company uses the most recently reported share value.

§ 9 SALE AND REDEMPTION OF FUND UNITS

The fund is normally open for the sale (unit holder's purchase) and redemption (unit holder's sale) of fund units every banking day. The minimum initial subscription amount is for Share Class A 100 SEK, for Share Class B 10,000,000 SEK, for Share Class C 1,000,000 SEK, for Share Class D NOK 100 and for Share Class E 10 EUR. After that, there is no minimum amount.

However, the fund is not open for sale and redemption on those banking days when the valuation of the fund's assets cannot be carried out in a way that ensures the fund unit holders' equal rights as a result of one or more of the underlying funds not being open for sale and redemption.

Requests for sales and/or redemptions must be made in writing and be received by the Company before 15:00 CET on full banking days and no later than 11:00 CET on half banking days (the day before a public holiday) in order for the sale and/or redemption to take place at the price determined at the end of the day the request was received by the Company.

Sales and redemptions thus take place at a price unknown to the unit holder at the time of the request.

When purchasing fund units, the subscription payment must be posted to the account belonging to the fund no later than 15:00 CET on full banking days and 11:00 CET on half banking days. Requests for the sale or redemption of fund units may be withdrawn only if permitted by the Company.

If funds for redemption need to be procured through the sale of securities, the sale and redemption shall be executed as soon as possible. Should such a sale significantly harm the interests of other unit holders, the Company may, after notifying Finansinspektionen (the Swedish financial supervisory authority), delay the sale in whole or in part.

Requests for the sale or redemption of fund units received by the Company when the fund is closed for sale and redemption in accordance with that stated in this rule, second paragraph and in § 10, normally take place at the price on the following banking day.

The value of a fund unit is normally calculated every banking day. However, the fund unit value is not calculated if the fund is closed for sale and redemption with regard to the circumstances specified in this rule, second paragraph and § 10. The principles used in determining the fund unit value are stated in § 8.

Information on the fund unit price is normally available from the Company and co-operating distributors on a daily basis.

§ 10 CLOSURE OF THE FUND IN EXTRAORDINARY CIRCUMSTANCES

The fund may be closed for sale and redemption in the event that such extraordinary circumstances have arisen that mean that a valuation of the fund's assets cannot be carried out in a way that ensures the equal rights of the fund unit holders.

§ 11 FEES AND COMPENSATION

From the fund's assets, a fee shall be paid to the Company for its management of the fund. The fee includes costs for depositaries – see § 3 – as well as for Finansinspektionen's supervision and for auditors. The fee is charged in an amount corresponding to a maximum of 2.10% per year of the fund's value for share class A, share class C, share class D and share class E and 1.15% for share class B. The fee is calculated daily at 1/365th. The value of the fund units is calculated after deduction of the management fee.

Brokerage and other transaction-based expenses for the fund's purchases and sales of financial instruments and tax are charged to the fund.

§ 12 DIVIDEND

The fund does not pay dividends to unit holders or anyone else.

§ 13 FINANCIAL YEAR OF THE FUND

The fund's financial year is the calendar year.

§ 14 SEMI-ANNUAL AND ANNUAL REPORTS, AMENDMENT OF FUND RULES

The Company shall submit an annual report for the fund within four months of the end of the financial year, and a semi-annual report for the fund for the first six months of the financial year within two months of the end of the half-year.

The annual report and the semi-annual report must be available at the Company and the intermediary institute and be sent free of charge to unit holders upon request.

Amendments to the fund rules shall be decided on by the Board of Directors and be submitted to Finansinspektionen for approval. After approval, the fund rules shall be kept available at the Company and the Depositary and, where applicable, be announced in the manner directed by Finansinspektionen.

§ 15 PLEDGING AND TRANSFER

Pledging takes place through written notification to the Company or intermediary institution. The notification must state the unit holders, pledgee, which units are covered by the pledge and any restrictions on the scope of the lien. The pledge is registered in the unit holder register. The Company must notify the unit holder in writing of such registration. Pledging ceases when the Company or intermediary institution has received notification from the pledgee that the pledge has ceased and deregistration in the unit holder register has taken place.

Unit holders may transfer their fund units to another party free of charge through written notification to the Company or intermediary institution. The

notification of transfer must state the transferor, to whom the fund units are being transferred and the purpose of the transfer. A transfer is approved only if the acquirer takes over the transferor's acquisition value.

§ 16 LIMITATION OF LIABILITY

The Company's and the Depositary's liability for damages does not limit the unit holders' right to liability for damages according to Ch. 2, § 21 and Ch. 3, §§ 14-16 of the LVF). The Company and the Depositary are not responsible for damage due to Swedish or foreign legislation, Swedish or foreign government action, war incidents, strikes, blockades, boycotts, lockouts or other similar circumstances.

The proviso in respect of strikes, blockades, boycotts and lockouts applies even if the Company or the Depositary itself is the subject of or takes such industrial action.

If the Company or the Depositary inflicts damage on unit holders by violating the LVF or these fund rules, the Company or the Depositary shall compensate such damage (Ch. 2, § 21 and Ch. 3, §§ 14-16 of the LVF).

Damage that has arisen in cases other than those referred to in the first paragraph above shall not be compensated by the Company or Depositary if they have taken normal care. The Company and the Depositary are not liable in any case for indirect damage, nor are they liable for damage caused by a custodian bank or other contractor hired by the Company or the Depositary with due care or for

damage that may arise due to a restriction that may be applied against the Company or the Depositary. If there is any obstacle to the Company or the Depositary taking action due to a circumstance specified in the first paragraph above, the action may be postponed until the obstacle no longer exists.

§ 17 ALLOWED INVESTORS

The statement in § 1, that the fund is aimed at the general public, does not mean that it is aimed at such investors whose sale of units in the fund or whose

participation in the fund otherwise conflicts with the provisions of Swedish or foreign laws or regulations. Nor is the fund aimed at such investors whose sale or holding of units in the fund means that the fund or Company becomes obliged to take a registration measure or other measure that the fund or Company would not otherwise be obliged to take. The Company has the right to refuse sales to such investors referred to above in this paragraph.
